4th Quarter is Here!

Principal's Message

Aloha Parents and Guardians,

Kamaile Academy is off to a strong start for the fourth quarter. Students and staff have been having many classroom discussions about behavior expectations and students are working hard to E Aloha by respecting self, others and place on campus. Please support positive student behaviors by continuing these rich E Aloha conversations at home.

This quarter we can look forward to celebrating students' successes through awards assemblies and graduation ceremonies. While many events will remain virtual or drive-through, we will be able to have some events in person. Please be on the lookout for more information about end of the year events.

Lastly, Kamaile Academy Strives for Five. We aim to have all students in school every day of the week. With that being said, students who have any COVID symptoms should not come to school and all students should continue conducting daily wellness checks before coming to school each day.

Mahalo for your continued support!

From the newsletter of our partners, Mālama ʻĀina Foundation, you can see the haumāna at Pokaʻi Bay where they learned about the waʻa from Coach Myron and Aunty Marlene. This included its significance to the Native Hawaiian community and values, such as lōkahi and laulima. They learned that lōkahi is an integral part of paddling. We want to mahalo the Mahope program for providing engaging place-based learning!

Prepare Your Child for 7th Grade
Notice of School Health Requirements

The Hawaii State Departments of Education (HIDOE) and Health (DOH) are collaborating on ways to protect and ensure the health of our keiki. Adolescence is a time of physical, emotional, and social change, and a well-child visit with a healthcare provider can help to prevent health issues from developing.

State law requires all students to receive a **physical exam** and **immunizations** before starting seventh grade.

What you need to do:

- Call your child's healthcare provider now to schedule an appointment for a physical exam, as part of a well-child visit
- Bring the attached Student's Health Record (Form 14) to the appointment. During the visit, the healthcare provider will:
  - Conduct the physical exam and administer immunizations;
  - Answer your and your child's questions about health and wellness; and
  - Complete the Form 14
- Submit the completed Form 14 to the school your child will attend for seventh grade

The physical exam must be completed within 12 months before starting seventh grade. Students without the required immunizations by the first day of seventh grade risk being excluded from school. Let the school know if you need more time to schedule your child's appointment.

For more information, visit https://health.hawaii.gov/docd/vaccines-immunizations/school-health-requirements/.

Mahalo for supporting your child's health!
