Mei 2023

## Summer is Almost Here!

### Principal's Message

Aloha e ka 'ohana Kamaile,

Thank you for a fantastic year at Kamaile Academy and your commitment to supporting our school. I am excited to share that our daily student attendance has been improving in recent weeks, and we owe this success to you, the parents, and our students for making coming to school every day a priority.

I want to congratulate our senior class of 2023. Our seniors have worked hard to get this important academic milestone, and they can be proud of their many wonderful accomplishments. We look forward to seeing our families at Hanohano Kamaile, graduations, and other end-of-the-year celebrations. Please stay connected to our website and ClassDojo for information regarding upcoming events.

Mahalo again for your commitment to supporting Kamaile, and I look forward to a solid finish to the school year.

### Hā Initiative: Creative STEM After-School Program

The Hā Initiative is a fun and creative place for kids in grades 2 through 8 to spend their after-school time. Through this program, kids learn and grow by exploring the worlds of Science, Technology, Engineering & Math (STEM). The program is free and gives participants an after-school snack, tutoring, a chance to meet other kids, and enjoy exciting hands-on science projects and computer activities. Our Leeward site is located on next to Wai'anae Small Boat Harbor at 85-555 Farrington Hwy, or you can contact us at [hcapstem@hcapweb.org](mailto:hcapstem@hcapweb.org) for an application.
